AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngset babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

Invariably Cure the following Diseases:

MY FEILD.

BY HARRIET M. KIMBALL.

I will not wrong thee, O To-day,
With idle longing for To-morrow;
But patient plough my field, and sow
The seed of faith in every furrow.

Enough for me the loving light
That melts the clouds' repentant edges;
The still unfolding, bud by bud,
Of God's most sweet and holy pledges.

I breathe His breath; my life is His;
The hand He nerves knows no defrauding;
The Lord will make this joyless waste
Wave with the wheat of His rewarding.

Of His rewarding! Yes, and yet
Not mine a single blade of kernel;
The seed is His; the quickening His;
The care, unchanging and eternal.

His too, the harvest song shall be,
When He who blest the barren furrow
Shall thrust His shining sickle in,
And reap my little field to-morrow.

THE IMPEACHMENT.

Our latest advices indicate that Congress intends to proceed deliberately in the matter of impeaching the President. The measure does not seem to meet with the approval of the New York press. As the Sacramento *Union* suggests, Wall street is extremely sensitive to disturbing influences. Serious as the process to which a President of the United States is about, for the first time in the history of the Republic, to be subjected, the intelligent loyal mind of the Nation will not fail to recognize the necessity which exists for bringing Andrew Johnson to a strict account, before the Senate of the United States, for his direlictions, his perfidy, and his manifold offences against this Nation. Parties have had their Tylers, who have forsaken principles and betrayed trusts; but we will seek in vain, if we look among the records of mere political organizations, for a parallel to the treachery by which Andrew Johnson has signalized his brief and, thus far, most disastrous occupation of the chair of the Chief Magistrate of the American people. Merely to say that he has been false to the principles, his clamorous advocacy of which secured him the nomination to which he owes his present position, is simply to utter the truth, and yet to speak it in so incomplete a manner, as to leave those who have not watched his career and who are unfamiliar with his tergiversations, virtually in ignorance of the long catalogue of shameful acts, with which he has illustrated his apostasy. It would serve no present purpose to pass these acts in review. Documentary evidence will doubtless be forthcomng which will satisfy the Nation that the half has not yet been told of Andrew Johnson's perfidy. Nor do we propose to speculate upon the probable result of the measures inaugurated by Congress in this particular regard. It is enough to state the fact. Through all coming time it will serve to show the world that "pride of place" cannot protect the servants of a republic from strict accountability, as well as to warn the ambitious that "even handed justice" has lost no jot or title of her power to arraign and condemn the man who violates his obligations and fails in the performance of his duties.—*Stockton Independent.*

DEATH OF WILSON FLINT.

This truly eminent, useful and Christian gentleman died in San Francisco on the 3d instant, of typhoid fever. Few of our citizens who have paid attention to the rapid strides of progress acquired in agriculture and other matters pertaining to the interest of our state can fail to recognize and appreciate the loss sustained through the death of this gentleman. We append the following synopsis of Mr. Flint's life from an exchange:

"Wilson Flint was born in New Hampshire in 1825. In 1842 he went from New York, where he had engaged in mercantile pursuits, to Galveston, Texas. While in Texas, his reflective and sagacious mind became strongly convinced of the moral and economical evil of slavery, and he left that State in 1849, as he told the writer of this, because he was unwilling to have his children grow up under its vicious influence, and did not feel at home under it himself. He believed, moreover, that the struggle for its extension and perpetuation would result in civil war. Mr. Flint made his first home in our State at San Francisco, where he built the large warehouse which still stands at North Point, and was very prosperous until the overdoing of the warehouse business caused a sudden reaction that involved him in heavy losses. In 1856, he was elected to the State Senate from San Francisco county on the American or Know Nothing ticket. He acted with the Know Nothings mainly because he thought their organization could be used to break down the pro-slavery Democratic influence which then ruled the State. During his term, Henry S. Foote, late Confederate Senator, who had just come to California on a political venture from Missisippi, was the Know Nothing candidate for United States Senator. Mr. Flint, together with Ashley, of Monterey, (now Congressman from Nevada,) and Waite of Nevada county, and perhaps one or two others, concluded that Foote was an unfit man, who, if elected, would serve the slavery aggressionists. He was the caucus nominee however, and could only be defeated by preventing a joint convention. It was found that a single vote would suffice to prevent a convention, and Mr. Flint cast that vote day after day. The service he did the State by defeating Foote can be estimated now when we reflect that had Foote been elected he would have been representing California during the exciting session of Congress which preceded the rebellion, and until the second year of the war, and would doubtless have ranked himself among the opponents of Lincoln's policy if he had not resigned with others to assist in organizing the rebel government.

CUSTOMS.—The amount of duties collected at the San Francisco Custom House in 1866 is $7,189,763 31. In 1865 the duties collected there reached the sum of $6,604,413; in 1864, $5,970.156; in 1853, $4,688,399—showing a steady annual increase in the amount of customs paid at that port.

SEMI-WEKELY ENQUIRER.

WEDNESDAY, JANUARY 16, 1867.

IMPEACHMENT.

In the House of Representatives Mr. Ashley, from Ohio, arose to a question of privilege and had read by the Clerk charges accusing the President of "high crimes and misdemeanors," "with usurpation of power and violation of law;" in corruptly abusing the "appointing and pardoning powers," in corrupting disposition of the public property of the United States, and offered the following resolution which was passed by a vote of yeas, 106, nays, 46:

Resolved, That the Committee on the Judiciary be and are hereby authorized to inquire into the official conduct of Andrew Johnson, Vice President of the United States, discharging the powers and duties of President of the United States, and report to this House whether, in their opinion, the said Andrew Johnson, while in said office, has been guilty of acts which were designed or calculated to overthrow or subvert, or corrupt the Government of the United States, or any Department or officer thereof, and whether the said Andrew Johnson has been guilty of any act or acts, or conspired with others to do acts which are high crimes and misdemeanors and requiring the interposition of the constitutional powers of this House, and that said Committee have power to send for persons and papers, and to administer the customary oaths to witnesses.

It is due to Andrew Johnson, to human liberty, to impartial justice, to the purity of free government, to the loyal people who bore the country triumphantly through the rebellion; that his official record as President be thoroughly investigated. The people, as also posterity, ought to know whether the high crimes and misdemeanors with which he stands publicly charged are well founded. The earnestness with which Congres indicates its purpose to do its whole duty, unawed by the clamors of those who, having failed to overthrow the government by force, seek by an immediate and unconditional restoration to power to control the destiny of the Republic; to use both the Government and the people for their especial benefit, will meet the approbation of every truly loyal heart. If Andrew Johnson, as President, has kept within the limits of the Constitution in the exercise of his power of veto, of appointment, and of all other powers;—though in direct conflict with the will of Congress,—it is due to himself, to justice and to good government, that, by a thorough preliminary, and if necessary a judicial investigation, it be so entered on the record and the public mind be disabused. On the contrary, if in defiance of the Constitution as also of the will of Congress, he has usurped power, violated law or omitted to execute it; if he has transferred hundreds of millions of dollars of property lawfully captured in war to citizens, contrary to the express letter of the Constitution, which declares that Congress shall make rules concerning "captures on land and water;" if in complicity with the slaughter in New Orleans; if he has corruptly used his high executive power to influence elections or in appointing unpardoned rebels to office; if in any or all these ways it can be judicially shown that by omission or commission, he is within the meaning of the Constitution guilty of "high crimes and misdemeanors," then it is due to the living as also to the dead, that he be impeached and removed from office. The people are in no mood to pass lightly over grave offenses of high functionaries, and will sustain Congress in maintaining the purity of free Government, in vindicating the honor of the living and the memory of the dead. Andrew Johnson is a citizen of the United States empowered for a brief period by the people to execute their will. If he has corruptly used his power, let an example be set, a precedent established, official corruption punished, and Constitutional Liberty preserved.

MINING.—A correspondent of the ENQUIRER writing from the vicinity of Iowa Hill, under date of the 10th instant, says: "The holidays about here passed off joyous and merry; and I never before saw such an array of beauty and elegance. Many of the miners here are doing well, the late rains having given them a bountiful supply of water. The Morning Star Company's last clean up amounted to $4,800, the result of twenty days crushing; the expenses during this time amounting to $1,200, leaving the handsome dividend of $3,600. This claim greatly resembles the once famous North Star claim. The Lebanon Company will start a new ten stamp mill in about two weeks,—it is said that the machinery in this mill is the best that could be purchased, and the Stockholders are sanguine of reaping a rich harvest when the mill is once fairly at work. The Oriental mill, at Wisconsin Hill, has been idle for the past three months; without saying that the prospects which induced the erection of this mill have failed, it is thought by experts that the company neglected to observe the wise provisions which prudence would seem to dictate."

REWARD OFFERED.—Wells, Fargo & Co. have offered a reward of five hundred dollars for the recovery of the treasury stolen from the stage between Copperopolis and Murphy's and the arrest of the robbers. Two hundred and fifty dollars for the return of the money, or two hundred and fifty dollars for the arrest and conviction of the robbers. The amount stolen was $350.

THE FREEDMEN'S BUREAU.

From the report of Maj. Gen. O. O. Howard, Commissioners of Bureau of Refuges, Freedmen and abandoned lands, we abstract the following summary.

Notwithstanding Bureau Officers have urged upon the laboring classes the importance of supporting themselves, they have not as yet attained that self-sustaining independence necessary to dispense with further aid. Good results, however, have followed. The effect of combinations of planters to reduce wages (as happened in a few counties) was to create a prejudice among the freed people against their white employers; produce a scarcity of laborers, resulting generally in an adjustment of the difficulties by an increase of wages. On this subject the opinion is expressed that: "A practical understanding of the free labor system at the South, impartial execution of the laws, and favorable public sentiment, are necessary to secure the success of free labor in the absence of any proper agency of the general Government."

LAND.

The amount of land now in possession, is 272,231 acres, increased by 228 tracts in Tennessee of which the number of acres has not been reported by the Commissioner.

SUBSISTENCE.

The whole number of rations issued from June 1st, 1865 to September 1st, 1866, was 13,412,278. The issues to whites increased until June 30, 1866, when issues to Freedmen and Refugees were about equal. Rigid scrutiny has been exercised to prevent issues to any but the absolutely destitute. With but few exceptions the State authorities have refused to do anything whatever for the relief of the persons supported by the Government.

SCHOOLS.

The education of freedmen and refugees has been carried on under the immediate patronage of benevolent societies. To these the Bureau has extended protection, furnished transportation for teachers, books, etc., supplying buildings and keeping a superintendent of public education devoting his whole time to his work at Bureau headquarters in each State. The number attending school in the Southern States is estimated at 150,000. Schools for refugee white children are also established.

VIRGINIA.

The Legislature has as yet failed to secure to freedmen civil rights. So oppressive were the Courts in certain counties Gen. Terry re-established Bureau Courts to prevent insurrection among the freedmen. Many planters are pleased with the good conduct of their laborers and are friendly to the Bureau.

NORTH CAROLINA.

The ratio of outrages committed are reported as one by a freedmen against a white person, to forty by whites against freedmen.

Gen. Robinson reports a fair administration of justice. The contract system works well and but very few complaints are made against freedmen. With a negro population of 300,000, all but 2,500 have placed themselves beyond government support. Concerning the civil order educational, and industrial progress of the remaining Southern States, the substance of the report does not materially differ from that given. Generally the freedmen are reported to work well, faithfully fulfilling their contracts. They take great interest in education, helping in some States by their own contributions in the education of their children. The continuance of the Bureau would seem to be necessary in several States to protect the schools from the violence of evil-minded whites, as well as for the protection of freedmen and the administration of equal justice.

Florida is the only State that has extended State aid to colored schools. A State Superintendent has been appointed, a tax levied, and an organization begun. Missouri proposes to educate her own freedmen and will be next to follow the no less economical than liberal policy of Florida. The utility and practical benefits resulting to the State from the education of the colored children, will, within no great lapse of time, eradicate the hostility, assuming frequently the form of violence, which now retards and often interrupts their educational advancement.

BURIALS OF SOLDIERS.—It appears that during the past fiscal year the government has buried the remains of 341,670 soldiers at an expense of $1,144,791 61. The government had these graves carefully attended, and the occupants' names and ranks are recorded on headboards at each grave, as well as the cemetery records. The largest number of graves are in the department of Washington, 105,287; next the department of the Tennessee, 67,182; Louisiana, 31,500; Georgia, 27,500; the Carolinas, 17,886; Kentucky, 17,772; the Middle States, 16,992; Ohio, 12,745; Mississippi, 11,000; Arkansas, 11,629; Missouri, 10,677; the Eastern States, 2,498; Alabama, 1,733; Texas, 1,529; the Platte 1,395; Florida, 1,173; and the Pacific States, 169.

SNOW still covers the earth in and about this place, having fallen to the depth of about sixteen or eighteen inches on Friday and Saturday last. We are glad to be able to say that the cars of the Pacific Railroad have made their regular trips as far as Alta since the road was repaired to that place. On Monday night a slight rain occurred, and yesterday the sun came out beautifully, melting the snow very rapidly, making it extremely unpleasant for pedestrians.

INCREASE.—The Pacific Insurance Company are about to increase their capital stock from $50,000 to $1,000,000.

DROWNED.—R. F. Bell was drowned in the Sacramento river near Tehama, Jan. 7th.

EVERY DAY LIFE.—We have received the first number of this attractive and interesting monthly, edited by Mrs. Washington Wright. It is worthy the support of the people of the Pacific coast and we have no doubt it will receive it.

SEMI-WEEKLY ENQUIRER.

TO PRINTERS.—A good compositor, of steady habits, can obtain permanent employment by applying this office, immediately.

MINING APPARATUS.—A friend who recently visited the mines in the neighborhood of Gold Run, kindly furnishes us the following description of the Hawkins claim, a perusal of which will be interesting. The appliances for saving gold consist of an alternating series of flumes and ground sluices. The bottoms of the flumes are covered with blocks eight inches thick, and placed four inches apart or thereabouts, for catching the gold as it is carried down. He commences washing his bank at a point where it has attained the depth of 20 feet, by means of a perpendicular shaft; the bottom of which is reached by a flume 436 feet in length. After running this distance the dirt falls, (or has a dump) of 35 feet. It is then carried along a ground sluice 100 feet, then through a flume 150 feet, then falls five feet, continuing in a ground sluice 31 feet, then through a flume 40 feet, again falls four and a half feet; then through a ground sluice 20 feet, then by flume 36 feet where it falls 15 feet, then by a ground sluice 112 feet, where it is again taken up by a flume 48 feet. Two important advantages are gained by this process. The dirt becomes more thoroughly pulverized and the great rapidity which the current would otherwise gain, holding and bearing downward in its course fine gold, is is checked, and the gold allowed to settle in the interstices between the blocks. In addition, a grate or system of iron bars about one foot in length running with the flume and extending across it, is placed in the flume. Through this grating, a portion of the water with the fine dirt and any gold it may still contain falls into a box, and is drawn out into a side flume placed at a lower level, with less grade, where any fine gold which may chance to pass through the series of flumes and sluices may settle.

Turning now to the shaft above mentioned, the hydraulic appliances consist in a fall of 206 feet. This fall is gained by an iron pipe 800 feet long. Mr. Hawkins purposes to use 350 inches of water and three discharge pipes having two and a half inch nozzles. As the grouud is worked away the main extension flume will be four feet in width.

All the appointments are said to be thorough and complete, for it not unfrequently happens that a series of flumes and sluices cannot be obtained owing to a lack of fall. Passing for two or three miles along a succession of operations, any one not accustomed to see mining would be surprised at the depth and area swept away in a single season. Yet so widespread and deep is the strata of paying gravel overlying the blue lead that years will be required to wash it away.

MEADOW LAKE.—The *Sun* of the 12th says, in speaking of the ability of miners to prosecute their labors during the winter season: "A visit to one of the California Company's claims (Knickerbocker) satisfies us not only that the work of the company is progressing in a thorough and workmanlike manner; but that mining and milling enterprises, can, with a little precaution be carried on as cheaply and rapidly in this district, in the most rigorous winter, as in the plaesantest summer. At the works of this Company, they have over their shaft a building, with a heavy frame, and have thus far experienced no delay or damage from the late severe storms. Their work has continued night and day, they are now down about 70 feet, and indications are already abundant, that they are rapidly nearing their main ledge."

The Golden Eagle Company intend starting their new mill on the 16th, and judging from the character of the rock, we may expect to hear good returns therefrom.

SUICIDE UNDER A HALLUCINATION.—A melancholy case of suicide occurred on the 18th ult., on the Podunck Farm near Titusville, Pennsylvania. The name of the unfortunate man has not yet been discovered; but it appears from the following pathetic effusion, found in his left boot, that the suicide was not instigated by the exploration of "dry holes," as at first supposed: "I married a widow, who had a grown up daughter. My father visited our house very often, and fell in love with my stepdaughter and married her. So my father became my son-in-law. Sometime afterward my wife had a son; he was my father's brother-in-law, and my uncle, for he was a brother of my step-mother. My father's wife, *i. e.*, my step daughter, had also a son; he was of course my brother, and in the meantime my grand-child, for he was the son of my daughter. My wife was my grandmother, because she was my mother's mother. I was my wife's husband and grandchild at the same time; and as the husband of a person's grandmother is a grandfather, I was my own grandfather."

A dramatic Society is to be formed at Meadow Lake in order that the denizens of that frozen region may not forget the accomplishments of the age.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but, the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he in sist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. je 23-1y

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London. Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. A will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness,

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebooding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S.

Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal Emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it: they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

☞ Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
